FEBRUARY 23, 2015

US VESSEL RESPONSE PLANS – UPDATES REGARDING ALASKA AND GUAM

Reference is made to [Circular No. 13/15](#) of February 20, 2015.

Your Managers have been informed that, in regard to the section of the Circular dealing with arrangements in Guam, the footer mentioned for the OSROCO contract should be amended to read as follows:

“OSRO Designation and Emergency Response Services Agreement 01 February 2015”

Your Managers apologize for the error which, it is hoped, does not cause any inconvenience to Members. Please amend your records, however, accordingly. The Circular on the Club’s website has also been amended to take account of this change.
