GOOD CATCH UPDATE: ANIMATION – *HOT WORK PERMIT*

The proper application of hot work permit procedures are critical to shipboard fire prevention measures. Make a Good Catch by ensuring that all personnel involved are familiar with the hot work permit and that the permit has taken into account all of the risk factors for the job at hand.

In this context, your Managers are pleased to present the latest animation instalment of the Club's *Good Catch* initiative:

- [Hot Work Permit](#) available in English, with new and traditional Mandarin subtitles.

To access the Mandarin translations, click on the three vertical dots in the lower right-hand corner of the screen. A box, as seen in the example below, will appear. Click on "Captions" and the options for the translations will appear.

As a reminder, all *Good Catch* alerts and animations are posted at the Club's website at:

Your Managers recommend that Members take note of this information and be guided accordingly.
