GOOD CATCH UPDATE: ANIMATIONS – HUMAN FACTORS: SYSTEMIC FAILURES

Systemic failures are defined as failures that occur in a predictable fashion from causes that can be eliminated by an effective safety management system (SMS) and other relevant factors. The SMS is not a fixed set of instructions, but a living system that evolves and must be regularly updated in order to be kept current with changes in rules, regulations, policies, equipment, technology and working practices.

In this context, your Managers are pleased to present the latest animation instalment of the Club's *Good Catch* initiative:

- [Human Factors: Systemic Failures](#) available in English, with new and traditional Mandarin subtitles.

To access the Mandarin translations, click on the three vertical dots in the lower right-hand corner of the screen. A box, as seen in the example below, will appear. Click on “Captions” and the options for the translations will appear.

As a reminder, all *Good Catch* alerts and animations are posted at the Club's website at:

https://www.american-club.com/page/good_catch

Your Managers recommend that Members take note of this information and be guided accordingly.
