## GOOD CATCH UPDATE: *WHO, US?* ANIMATED IMAGES

When a hazardous situation luckily happens to pass without major incident despite the crew's inaction it can be easy for the personnel involved to become inured to the danger. Over time those "near misses" can contribute to a dangerous culture of complacency. Make a Good Catch by reviewing all safety incidents with the Master to ensure that the crew has not begun to depend on luck instead of best practices!

In this context, your Managers are pleased to present the latest instalment of the Club's *Good Catch* initiative:

- *Who, us?* animated images available in [English](#), [new](#) and [traditional](#) Mandarin

As a reminder, all *Good Catch* alerts and animations are posted at the Club's website at:

Your Managers recommend that Members take note of this information and be guided accordingly.
