GOOD CATCH UPDATE: ANIMATION – *THE LIFE WE SAVE: ENGINE ROOMS AND FIRES PART 2*

The prevention of engine room fires is imperative to ship safety. In the event of an engine room fire, preparedness of the vessel's crew is a critical element to its mitigation. Make a Good Catch by ensuring that all personnel are properly trained and familiarized with actions to take to mitigate engine room fires.

In this context, your Managers are pleased to present the latest animation instalment of the Club's *Good Catch* initiative:

- [The Life We Save: Engine Rooms and Fires Part 2](#) available in English, with new and traditional Mandarin subtitles.

To access the Mandarin translations, click on the three vertical dots in the lower right-hand corner of the screen. A box, as seen in the example below, will appear. Click on "Captions" and the options for the translations will appear.

As a reminder, all *Good Catch* alerts and animations are posted at the Club's website at:

https://www.american-club.com/page/good_catch

Your Managers recommend that Members take note of this information and be guided accordingly.
