LOSS PREVENTION: NEW CASE STUDIES FOR SLIPS, TRIPS AND FALLS

Reference is made to [Circular No. 28/16](#) of July 6, 2016 on the prevention of slips, trips and falls. Your Managers are pleased to announce that two additional case studies have been posted to the website.

The new case studies highlight, respectively, the risks of using non-protective footwear, and measures to be taken to avoid slips, trips and falls in and around pool areas on passenger ships.

Members are encouraged to refer to the Club's website section on this subject at:
