The International Chamber of Shipping (ICS), the International Group of P&I Clubs (IG), International Transport Workers' Federation (ITF) and INTERTANKO have recently updated their guidance [COVID-19: Legal, Liability and Insurance Issues Arising from Vaccination of Seafarers \(Version 2.0\)](#).

The updated document builds on the previous guidance taking into account further questions raised by shipowners regarding their obligations and potential liabilities given the wider availability of vaccines.
