

AUGUST 18, 2014

CIRCULAR NO. 25/14

TO MEMBERS OF THE ASSOCIATION

Dear Member:

EBOLA VIRUS DISEASE

As a result of the outbreak of Ebola in West Africa, your Managers have been receiving periodic – and increasingly frequent – information from various sources on the evolution of the disease in that region. This information was most recently passed on to Members in *Member Alerts* of August 1 and August 11, 2014.

In order to best communicate these developments going forward, a dedicated page on the Club's website has been established under <http://www.american-club.com/page/best-practices-guidance>. From this point forward, rather than issue further *Member Alerts*, your Managers will post updates on this site for Members' information.

For any questions regarding any aspect of the foregoing, or with respect to the Ebola virus disease generally, Members are requested to contact the Managers.

Yours faithfully,

Joseph E.M. Hughes, Chairman & CEO
