GOOD CATCH UPDATE: *THE NOT UNDER COMMAND ZONE* ANIMATED IMAGES

The difference between smooth sailing and disaster could be something as simple as a piece of equipment left in a workspace or even an untightened bolt. Make a Good Catch by using good engineering practices and paying attention to the details!

In this context, your Managers are pleased to present the latest instalment of the Club's *Good Catch* initiative:

- *The Not Under Command Zone* animated images available in [English](#), [new](#) and [traditional](#) Mandarin

As a reminder, all Good Catch alerts and animations are posted at the Club's website at:

The Managers recommend that Members take note of this information and be guided accordingly.
