LOSS PREVENTION: SEXUAL ASSAULT / SEXUAL HARASSMENT (SASH) AWARENESS

Shipboard sexual harassment may not start with comments or actions that are immediately recognizable as inappropriate. But when these seemingly benign actions escalate, they create the opportunity for an uncomfortable, improper, and unprofessional shipboard environment.

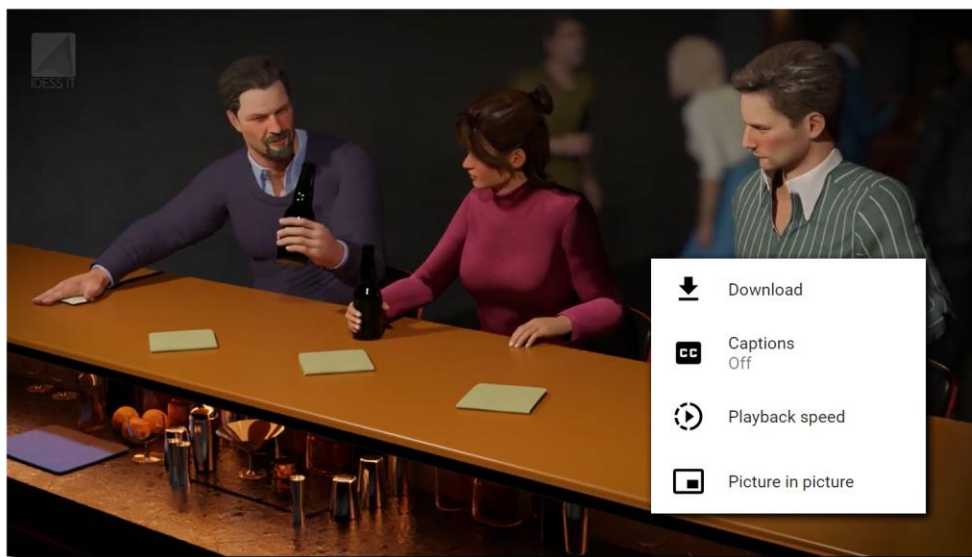

Recognizing the signs and signals of escalating workplace sexual harassment and knowing how to proactively address it on board requires training.

In this context, your Managers have created a dedicated webpage on the Club's website addressing SASH and providing links to relevant resources. Visit it here:

<https://www.american-club.com/page/sash>

Your Managers are also pleased to present the first instalment in a series of animations on SASH Awareness:

- [SASH Awareness - Scenario 1](#) available in English, with new and traditional Mandarin subtitles.

To access the Mandarin translations, click on the three vertical dots in the lower right-hand corner of the screen. A box, as seen in the example below, will appear. Click on "Captions" and the options for the translations will appear.

Your Managers recommend that Members take note of this information and be guided accordingly.
