HURRICANE HARVEY AND THE STATUS OF THE MANAGERS' HOUSTON OFFICE

In consequence of the devastation recently caused by Hurricane Harvey throughout the Houston area, your Managers wish to advise Members that its Houston office will remain closed this entire week.

It is intended to re-open the Houston office on the morning of Tuesday, September 5, following the Labor Day holiday weekend, at which time it is expected that local conditions will have improved. If this plan should change, a further Alert will be issued.

In the meantime, Members requiring urgent assistance with new or ongoing matters in the US Gulf should contact the Managers' Houston team as follows, email and mobile telephone access to the following individuals remaining fully functional:

Jana Byron E-Mail: jana.byron@american-club.com
Mobile: +1-832-712-4447

Kelly Haas E-Mail: kelly.haas@american-club.com
Mobile: +1-832-954-8072

Alternatively, Members can contact the Managers' New York office.

Your Managers hope that Members in the affected areas of the US Gulf, as well as their employees and families, remain safe and sound in the aftermath of the unprecedentedly severe weather and flooding of recent days. It is sincerely hoped that everything will return to normal as soon as possible.
