## **TERRORIST ATTACKS ON PHILIPPINE NICKEL ORE PORTS**

Your Managers have just received a report that a group of terrorists, known as the New Peoples Army, are attacking the nickel ore mines and ships in the Carascal and Taganito port areas.

Reports suggest some foreign nationals, possibly ship surveyors, may have been captured. It is said that ships are being attacked, and that four tugs have been destroyed with their crews taken hostage.

It is recommended that owners planning to send vessels to these ports should check the situation with their local agents before proceeding further.

More information will be provided as further news is received.
