GOOD CATCH UPDATE: ANIMATION – ICE, ICE SAFETY – PART 1

Winter weather can bring snow and ice, creating precarious conditions on deck which may require clearing by the crew in order to maintain safe operations. Make a Good Catch by having a “Toolbox Talk” that details the potential dangers of working in such slippery conditions and how best to avoid injury while working on an icy deck.

In this context, your Managers are pleased to present the latest animation instalment of the Club’s *Good Catch* initiative:

- [Ice, Ice Safety - Part 1](#) available in English, with new and traditional Mandarin subtitles.

To access the Mandarin translations, click on the three vertical dots in the lower right-hand corner of the screen. A box, as seen in the example below, will appear. Click on “Captions” and the options for the translations will appear.

As a reminder, all *Good Catch* alerts and animations are posted at the Club’s website at:

https://www.american-club.com/page/good_catch

Your Managers recommend that Members take note of this information and be guided accordingly.
