LOSS PREVENTION: PILOT BOARDING SAFETY GUIDANCE

Reference is made to [Circular No. 28/16 of July 6, 2016](#) on the prevention of slips, trips and falls. Your Managers are pleased to announce [Every Step Matters - Pilot Boarding Safety Guidance](#) which is made available on our website under the Slips Trips and Falls case study collection.

The new guidance draws attention to the common pilot arrangement defects as reported in the IMPA 2016 Safety Campaign 2016 and reiterates the requirements for safe rigging of the pilot ladder.

Members are encouraged to refer to the Club's website section on this subject at:
