## **GOOD CATCH UPDATE: SO, WE'RE BUNKERING AGAIN... ANIMATED IMAGES**

Safe bunkering starts with a shared plan. Bunkering operations involve fuel transfer and close coordination where breakdowns can quickly place seafarers in dangerous situations. Make a Good Catch by routinely conducting a pre-bunkering meeting to develop a detailed bunkering plan and by confirming reliable communication and properly functioning equipment.

In this context, the Club is pleased to present the latest instalment of its *Good Catch* initiative:
