## **SAFETY ALERT: *MOORING PRECAUTIONS FOR VESSELS WITH LARGE SAIL AREAS WHEN EXPECTING HIGH WINDS***

Your Managers are pleased to announce the publication of a new guidance document, [\*Mooring Precautions for Vessels with Large Sail Areas When Expecting High Winds.\*](#)

Mooring and navigating in restricted waters for vessels exposed to adverse weather conditions can adversely impact the potential of contact related damages including grounding, collision and damage to third party property. Those risks are compounded by high winds and gusts for vessels with large sail areas.

Your Managers recommend that Members take note of this information and be guided accordingly.
