## **LIFEBOAT SAFETY: *WHEN YOU'VE SEEN ONE LIFEBOAT, YOU'VE ONLY SEEN ONE LIFEBOAT***

Your Managers are pleased to announce the publication of a new guidance document, [\*When You've Seen One Lifeboat, You've Only Seen One Lifeboat!\*](#)

Mariners understand the critical necessity of lifeboats, but ideally hope never to use them. This may to some extent arise from a fear of unexpected malfunctions and accidents during lifeboat deployment, and may create a reluctance among mariners to give the fullest attention to training in lifeboat use. This guidance highlights the importance of in-depth training, robust familiarity with the specific lifeboat onboard, and rigorous maintenance routines to ensure the safety and reliability of lifeboats.

Your Managers recommend that Members take note of this information and be guided accordingly.
