GOOD CATCH UPDATE: ANIMATION - *A TURN FOR THE WORSE*

Your Managers are pleased to present the latest animation instalment of the Club's *Good Catch* initiative:

- [*A Turn for the Worse*](#)

A Turn for the Worse is the second in the *Good Catch* bridge performance management series of animations. This scenario features several contributing factors which could lead to an inland towing vessel collision. It is intended to provide insight and provoke thought from seafarers through interactive training.

As a reminder, all *Good Catch* alerts and animations are posted at the Club's website at:

Your Managers recommend that Members take note of this information and be guided accordingly.
