**CIRCULAR NO. 46/15**

**TO MEMBERS OF THE ASSOCIATION**

**Dear Member:**

**THE NAIROBI INTERNATIONAL CONVENTION ON THE REMOVAL OF WRECKS: AN UPDATE**

Reference is made to **Circular No. 37/14** of December 19, 2014 which informed Members that the Nairobi International Convention on the Removal of Wrecks (WRC) was to enter into force on April 14, 2015, and which contained information about certification requirements in relation thereto.

Members are reminded of the requirement that vessels of 300gt and greater which are registered in a WRC state party, or call at a port or offshore facility in a WRC state party, must carry on board a certificate attesting that insurance or other financial security is in force in accordance with the Convention. The certificate must be obtained from the state in which the vessel is registered, providing that that state is party to the WRC.

Since the Convention entered into force on April 14, 2015 the Bahamas, Cyprus and Panama have become states parties bringing the current number of WRC parties to 25.

Vessels registered in countries that are not party to the WRC may obtain WRC certificates from a relevant authority in a state party, providing that state has accepted to issue such certificates in respect of such vessels, e.g. Cook Islands, Cyprus, Germany, Liberia, Malta, Marshall Islands, Palau or the UK. Members are advised to check whether the authorities in the flag state for such vessels have agreements with any WRC state(s) concerning issuance of WRC certificates, and make timely applications for a WRC certificate from an appropriate state party authority.

The Club maintains a list of the relevant electronic and postal addresses of state party administrations for most WRC states parties. A full list of states parties is set out below.

As of December 17, 2015, the WRC is in force in the following 25 states.
